Dog Manners

Your bestie can enjoy outdoor dining, if they follow these rules!

- Get the restaurant owner's OK first!
- Must be on a lead (no running wild!)
- Stays on the ground (no table surfers here!)
- No feeding them (they've got snacks at home)
- Don't take them into any enclosed area, including when temporary blinds or weather protection is used

Please be respectful of the restaurant owner and staff if your pet is not permissible at the location.

ONLY Guide and Assistance Dogs are considered VIPs, no permission is required.
