

Dear Resident or Owner,

Notification of changed traffic conditions

STORMWATER DRAINAGE AND ROAD CONSTRUCTION GEORGE STREET, MAYFIELD

We are undertaking further stormwater upgrade works in George Street, Mayfield East, from Monday 31 March 2025.

Works will also happen between Smith Street and Henson Street, which are anticipated to commence early April 2025 (subject to weather).

The work includes:

- The construction of new stormwater drainage, including new pipeline and stormwater pits and road reconstruction at the intersection of George Street and Kitchener Parade.

Works are anticipated to be undertaken over a period of 12-16 weeks between 7am and 5pm Monday to Friday and be completed mid 2025 (subject to weather).

How will the work affect you?

The work will involve the use of machinery which generates noise. We will make every effort to minimise noise and turn off machinery and vehicles when not in use.

Changes to traffic

The following streets will be partially closed to public traffic, with diversions in place throughout the work:

- **George Street**
 - George Street will be closed to public traffic between Margret Street and Smith Street for the duration of the works
 - Westbound travel along George Street will be temporary diverted with a detour using Smith Street and Mounter St to allow works to progress in this area
 - Eastbound traffic is advised to utilise Ingall Street, Mounter Street and Smith Street as an alternative route around the worksite
 - Access to residents and businesses in George Street between Margret Street and Henson Street will be maintained.
- **Kitchener Parade**
 - Kitchener Parade will be closed to access at George Street. Access will be via Crebert Street only for the duration of these works.

- **Henson Street**
 - Henson Street to access at George Street. Access will be via Mounter Street only for the duration of these works.

Further stages and diversions will be communicated as works progress.

To ensure the work zone is safe and to minimise the impact of our work, we will have signage in place, and workers onsite to manage traffic movements and diversions.

Local business and resident access will always remain available unless otherwise communicated directly.

Pedestrian access will be maintained at all times. Garbage bin collections will not be impacted.

George Steet road closure

Enquiries:

If you have any questions or enquiries about this project, please contact us on 4974 2000 or visit our website newcastle.nsw.gov.au.

We thank you for your patience while we deliver this important project. Please follow the directions of workers and signage for your safety.
