

## Western Corridor Road Upgrade

City of Newcastle has contracted Daracon to undertake this project to improve safety and ease congestion in the growing western corridor.

## What work are we doing?

Upcoming work to be carried out during June includes:

- Services relocations and installation of new services
- Removal of topsoil and earthworks
- Removal of existing kerb
- Excavation and construction of retaining walls
- Installation of new stormwater
- Roundabout construction
- Installation of parking bays

## When and where we'll be working

- Longworth Avenue between the roundabout with Newcastle Road and Cameron Street
- Minmi Road from Maryland Drive to the western approach of the roundabout to Summerhill Road
- Anna Place, McNaughton Avenue and Summerhill Road near their intersections with Minmi Road
- Bean Street, Braddon Street, Maitland Street and John Street near their intersections with Longworth Avenue
- Installation of concrete parking bays on Cameron Street

Our map on the page over shows the above locations of our upcoming work.

Normal working hours are between 7am and 6pm on weekdays and 8am and 1pm on Saturdays.

For the safety of motorists and our workers we may need to complete some construction activities out of hours. The community will be notified in advance of any planned out-of-hours work.

## What will this mean for you?

You may notice:

- Workers and vehicles
- Lane closures and traffic control
- Noise from machinery and equipment
- Traffic delays may be experienced during the work

## Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Lane closures and traffic control will be in place during the work and may affect travel times.

There may be short term intermittent stops and a temporary 40 km/h reduced speed limit outside of peak times through the work zones for the safety of motorists and workers.

Please allow for extra travel time, keep to speed limits, and follow the direction of traffic controllers and signs.

# Contacts

If you would like further information about the project, please refer to Council's website: [newcastle.nsw.gov.au](http://newcastle.nsw.gov.au) or contact the project team on 1800 953 700, or email [WCRU@daracon.com.au](mailto:WCRU@daracon.com.au)
